Doctoral Programme Life Science Munich

TO SYSTEMS

The Graduate School Life Science Munich (LSM) is an institution within Ludwig-Maximilians-Universität (LMU), one of Europe's oldest and most prestigious universities. We offer an international doctoral programme to highly motivated and academically qualified next generation researchers. Doctoral students benefit from the multi-faceted scientific input from the surrounding research groups at the HighTechCampus in Martinsried, while living in the vibrant city of Munich.

Academic requirements: the programme is open to applicants with a BSc (Hons) and/or a Msc degree in life and natural sciences.

The entire curriculum is taught in English.
There are no tuition fees.
